

## Individual Emergency Packing List

### Prioritize what you will need or not need

Enclosed is an emergency partial packing list that I follow. I would immediately fill parts, or all of this. Tweak as your needs dictate. This list may be of some benefit. A few good places to obtain quality gear are: Army Surplus, Re-Sale shops and to some degree Pawn Shops. Having said that, the best place is [www.governmentliquidation.com](http://www.governmentliquidation.com) . I can assist you here!

- 1) Backpack: I would recommend a large MOLLIE system. With this you can add or delete unwanted gear. I would go with Blackhawk or Eagle Industries out of Fenton, Mo
- 2) Canteen or Camelback-Thermos (keep filled with water) Water purification tablets.
- 3) Strike master/Blast match/Zippo lighter/ Butane/ Matches with fluid/ flints.
- 4) Hiking Boots- Military style boots-quality socks.
- 5) Leatherman/Gerber tool- Military style defense knife.
- 6) 50ft of Para Cord (550 cord)
- 7) Food: MRE's –freeze dried- Mountain House ,Wise Food, Alpine and Backpackers all can be obtained from Bass Pro, Cabella's, or Wal-mart (**30 days worth minimum**)
- 8) Small bottles of: Iodine, Alcohol, Hydrogen Peroxide and, Beta dine. USE PLASTIC BOTTLES!
- 9) Emergency storm proof whistle
- 10) You may want to consider purchasing a GPS tracking device. Turn them on and place it in a vehicle/Backpack and forget them.( Bass Pro and Cabella's has them)
- 11) Light sticks or ChemLights
- 12) Heavy duty flashlight/small one also, one that may be hand cranked if possible.
- 13) Shortwave Radio (receiver only) HAND CRANKED!! (Scanner?) You may want to know what is going on.
- 14) I would install a 2mm Shortwave transmission radio; Similar to what's in Police Cars. You can install one; that is set it up, and then remove it! When needed, all you would need to do is re-install takes about 10 minutes. I would suggest a 2m: Icom 2300H, V8000, 2m Yaesu-FT 2900R, TM 281A Kenwood. With this in place, you can talk in case of an emergency up to 100 miles away (with the use of a repeater), if the telephone system should fail! I would help you in the installation. [www.aesham.com](http://www.aesham.com) 800-558-0411. Also, you will need a hand held communications. With the proper attachments any hand held radio can be connected to the same antenna that a base unit is. For single 2m band hand held radios, you may want to consider: Icom IC-T70A, IC-92AD, D-Star Ready Duel Band GPS Ht ID-51A & ID-31A D-Star 440 MHz. Kenwood TH-D72A, TH-F6A and TH-K20A.Yaesu FT-250R, FT-270R, FT-60R, VX-6R, VX-8DR, VX-3R, VX-7RB and VX-8GR. For world wide communication (High Frequency) Icom IC-7410, IC-7600, IC-7700 or IC-7800 and IC-7000 (Mobile includes 2M). Kenwood TS-480HX, TS-2000, TS-590S, TS-990S and TM-D71GA (Mobile include 2m). Yaesu FT-450D,FT-950,FT-2000/2000D, TFDX 5000,5000D,5000MP,9000D-MP,FTDX 3000D, FT-817ND is small & fits in a Backpack, FT-857D and FT-897D are both backpack designed!

**And alternative to the two (2) meter band are the **MARINE BAND FREQUENCIES.** These frequencies are less used. They are however, illegal to use on land and do not have the range of the two (2) meter bands!** I keep as many portable radios on hand as possible.

- 30) Passport- Credit Card if available and Phone Card.
- 31) The BEST WEAPON IS: (1) One that function properly (2) One that you will train with (3) One that you will use!!! Having said that, I would consider this; if I could only have one (1) caliber it would be a 22 LR, if I could have one additional weapon it would be a Remington 870 12 Ga. pump or Mossberg! Secondly, I would stay with common

calibers such as 22 LR-223-7.62.39-308-30.30-3006-270-300 Wm; pistol: 22 LR-380-38-9 mm-357-40 cal 41 & 44 Mag and 45 shotgun: 12 Ga.

199) King James Bible. This is the most Destructive Defense weapon in the world!

200) Generator. I would want a Multi-fuel generator. There are numerous models to choose from. Lowe's and home depot have several to choose from. Type in Propane generator and many will be displayed. Most of these can run off of, Regular gas, Propane and Kerosene

I cannot over emphasize, ***Food, Medical, Common skill, Physical and Mental preparation***. I would give strong consideration to MREs-Mountain House-Wise-Alpine and Backpacker food storage system. Type in food storage-emergency food etc. and several will come up on your search engine. Bear in mind need household necessities! Every day tools, yard equipment, ETC. Wheat, Corn, Rice, Bean and Oats are considered long term storage food. You can use a Food Vacuum or go on line or Library and learn about food storage.

This list is only to get you started! You will need 18 to 2 thousand calories a day to act half alive. This is a brief list that each person/home MUST HAVE to survive. Secondly, as a rule, **you should carry a 30 day pack in your vehicle at all times!** One never knows where or when their vehicle will break down. I would consider keeping my fuel tank full at all times, along with Duck tape, spare tire-jack & lug wrench-a few gallons of water, Qt Oil and perhaps adding a spare fuel tank or a small portable fuel tank filled with fuel.

While in Africa I learned of an old saying. I'm sure you have heard such phrases before.

A man came upon a path; it leads to a road which divided into a "Y". To the right side of the road, a Sign read FREEDOM. The grass was very tall and the road appeared not to be travelled much!

To the left of the road, a Sign read GOAT MEAT. The grass was very short and it appeared to be travelled very much!

Time is short. **Separate** your needs from your **Wants**. It doesn't matter how you feel, look around and open your eyes!

When fall approaches you can tell by the changing vegetation. When Halloween is near, pumpkin and costumes are on display and so forth. When Thanksgiving is near you will see Turkeys and Pilgrims representation and so forth. When Christmas is approaching you see Christmas Trees displayed and lighting for trees and home decoration; yet, American cannot see rapid changes to our country☹☹

Most of this equipment may be kept out of sight in the trunk of your vehicle and will fit into a backpack if large enough. You may want to consider a large size pack. This sounds like a lot. However, it's not. This will help you overcome any emergency! I drive great distances; one never knows when an emergency along the way will occur. Again, I hope this has been helpful. You may want to add to your own list. Lastly, in most third (3<sup>rd</sup>) world countries, people ride a bike with attached wagon to haul their stuff. It's far easier to pull rather than carry!! Something to consider.

On a personal note; I believe that Americans are in for truly horrific events that will last approximately up to Fifty (50) years! This is not going to be a SPRINT! It, is going to be a Marathon ☹️☹️☹️

America is being under minded by our Elected and protected Bureaucratic GLOBAL ELITE under civil service laws whom feel that they have been chosen to lead the rest of us to their version of the promise land. I've often considered how many Judas Goats we have elected each and every year! If, I've learned one thing, it is this, until, we amputate both the Democratic and Republicans (IE: I refer to them as (Replocrats) from office, we will continue down the same path! What event (s) must the Almighty God send to us, which will cause us to repent of our sins and to follow his divine will to heal our Nation? Each and every year we return back to the puke that we have just ejected from our bodies! Is this what a rational Man does? The definition of insanity is repeating the exact same steps expecting different results!

**Consider:** Humans have a Dominate and weak side of the body. One arm is stronger than the other. Yet, they are both attached to the Torso; both can swing in different directions, yet, they cannot leave the Torso, they are permanently attached to the same body. A cross has two (2) arms attached to a single base. The arms are of different sizes. Yet, they are still attached to the same base! A vehicle has four (4) wheels. They rotate in the same direction. Yet, they wear out differently. However, they are attached to the same vehicle frame!

This is our POLITICAL SYSTEM! Both political parties claim to be different. However, both end up at the invariable location with the identical results. At the founding of our nation, there were no Primaries, you did not have to belong to a specific Political Party to be elected.

During the election of 2008 and 2010 I heard many Americans say, we must vote for this candidate or that candidate "WE NEED TIME TO GET BETTER ORGINAZTIONED OF FIND A BETTER CANADIATE in 2014 and 2016" well what have I done since then?

Answer: Not a thing: ☹️☹️☹️☹️

*If I were to realize, that if every CHURCH member and American citizen were to take a pin/pencil into the voting booth and wright in an agreed upon candidate name I could change the course of American political history!*

I wonder if Americans know that Cursive writing is no long taught in American school. Why, because all of America's founding document are written in CURSIVE style; in twenty years, future Americans will not be able to read our Birth certificate. The United States Constitution; the Bill of Rights and Declaration of Independence!

### ***"Road Signs and Harbingers"***

*A road sign warns us of danger ahead. If we pay attention to the sign our trip may be pleasant, if not, heartache. Harbinger, are fractures in a countries system and cultural. All cultures*

*compete for dominance. The country that ignores these harbingers is doomed! Look into your child's and grandchildren eyes, what do you see?*

If one is objective in their thinking; One cannot miss the unfolding events that are now occurring at lightning speed which are overwhelming our Nation; High crime-Open Sodomy; Sodomites are now becoming fashionable and accepted as the Norm, Mostly by Caucasian Females, which may now adopt children at will-Females Abort infant babies at will, with no impute from the Father. Draught which is affecting our Nation food supply-Adverse weather patterns-Political Corruption-Women changing their roles (IE: [Role Reversal between Women and Men/Cultural is pitted against cultural. Under Diversity all cultural are equal. However, one cultural will dominate the other. Diversity is nothing more than legal discrimination against another culture](#)) Radical and corrupt judges changing our basic foundation (IE: Constitution) at the bequest of Sodomites and corrupt Politicians. Illegal Alien are afforded more benefits than legal Americans. While Americans are told to be compensate and do the right thing and accept Illegal's ☹️☹️☹️☹️ Our elected Officials come each and every year with the identical promises to eject Illegal's from our country, yet, the do not! If fact, they are impotent. Instead they are planning on giving amnesty to each illegal Alien thus boasting more Global Socialist Elites votes for themselves.

Department of Homeland Security (DHS) in conjunction with other Federal agencies, and State and local Police and Sheriff Department are transferring the Boy Scouts of America into Anti-Terrorist fighting units. Who are the Terrorist? Veterans-local Police Officer's, Sheriffs deputies! Volunteers/Recruits are mostly from large inner cities!

Consideration should be given to communications! Specifically Cell Phones. Military grade cell phones are now available to the public. Examples;

Military standard Android Phones: **"Rhino"** 3.5 screen/4.5, FortisX 3.5 screen, **Discovery V5** 3.5 screen, **"Mann"** phone 4.5 screen the most rugged cell phone in the world!; **"Caterpillar"** Cat B10IP67

The second communication phone that one may want to consider is a **Satellite** phone. ["Satellite phones, do not rely on Cell Phone Towers" and they work 99% all the time no matter the environment or terrain!](#) Models to consider are;

**"Spot"** others include, **Iridium, Inmarsat IsatPhone, Globalstar and Thurayer SatSleeve.**

The initial expenditure is to say the least pricey. However, after the preliminary purchase, they are no more overpriced than a regular service plan. The providers' have the exact same plan that most people enjoy daily. The Contract most often required is a one (1) year contract, with as low a cost as \$60 to \$1.800.00 per month for the first year, after that, you can have what you want. Also, one may rent them for a much reduce cost. Secondly, I would look for RE-Furbished satellite Phones, they have the same warranty and are half the price. I have used them from North Africa to Paraguay to Vietnam to Afghanistan to Iraq to Nicaragua to Pakistan to Sri Lanka to Uzbekistan. They are well worth cost when one need to communicate ☺️

NSA and other agencies are monitoring every American. Traffic light cameras are posted everywhere! Our emails, Mailed Post-written mail, Cell phones, twitter and Facebook are

constantly being monitored. Just to name a few decorators; Adolph Hitler, Joseph Stalin, Vladimir Lenin, Mao Zedong-Mao Tse-Tung of China, Cambodia's Pol Pot of the Khmer Rouge, Nicolae Ceausescu of Romania, Caesar of by gone Roma and others would be in seventh (7<sup>th</sup>) heaven to have what the Central government authorities have taken from the American people without even a whimper!

American's have an UN-Documented President, that refuse to proven his citizenship! Why? We have a Republican controlled House of Representatives, and at one time, the republicans controlled both sides of the Congress. However, they refused to force this illegal and UN-Documented Kenyan to prove his citizen ship why? Illegal Mexican's from Mexico can legally register vehicles in any state, Why? And obtain driver's license, why? As well as own property, how can this be?

We are told that the U.S unemployment rate is approximately eight (8) to nine (9) percent and that we must allow in highly educated students to perform jobs from other countries, that American's cannot do. Why? There are millions of unemployed Americans. Yet, illegals are allowed into our country, Why? Further, we are told since about the late 1980's and early 1990s that there are only eleven (11) million illegal Mexicans in America! Don't they have sex? Illegals are thieves and burglars **"Period"!**

In 2005 the border protection fence was passed along the U.S and Mexico border by the U.S. Congress and signed by then President Bush. However, it has never been enforced, Why? President are to enforce the laws of the land, yet, ours do not, Why?

In 2012 both house of the U.S Congress passed and then signed by the UN-Documented Kenyan into law. The 2012 Defense Authorization Act. This act gives the Central government authority to:

1. Arrest American's without a warrant or charges being filed
2. Indefinitely held without being charged with a crime, (Indefinite Detention)
3. No right to an attorney
4. No Visitors, not even family members for life
5. No Notification to family members or Attorney
6. No form of correspondence of any type
7. No media
8. All personal, and private property seized and sold. All profits go to the Central government
9. To monitor all telephone calls and radio television broadcast

You are gone for life, never to return, Why? All republican's with the exception of two (2) one obtained and the other was not present. All Republican's voted for the act twice (2) and all

Democrats' followed in suite! [Soon very soon, you will notice the person next to you absent!](#)  
[People will soon start to disappear in America, remember "Main Core"](#)

In 2013 the Affordable Health Care Act (IE: ObamaCare) was passed by the U.S. Congress (IE: Republicans) Some Republicans waited till the last minute to cast their vote to see if the Affordable Health Care Act was going to pass, at this time some voted no! Within the act, it was stipulated that this measure could not be undone by future American's! That is, the Affordable Health Care Act cannot be undone away with by anyone! Why? How can a law be passed that cannot be undone? Not even a Constitutional Amendment can change it. How can this be?

In the state of Missouri Illegals can now attend college without paying outstate Tuition. Yet, an American from another district or state must pay out of residency tuition, Why?

Justice Antonin Scalia of the United States Supreme Court stated before a packed college law student body at Hawaii state University on February 4<sup>th</sup>, 2014. A question was ask by a student if ever internment camps could ever reappear in America?

["Well of course Korematsu was wrong. And I think we have repudiated in a later case. But you are kidding yourself if you think the same thing will not happen again...It was wrong, but I would not be surprised to see it happen again, in the time of war"](#) Study the ["MAIN CORE POLICY"](#)

Drones are now flown all across America, Why?

Distractors. American are mesmerize by distractors such as professional sports. That said, consider the following survey. On the recent 2014 Super Bowl game:

1. Surveys indicate the average family pay's \$250.00 per ticket to see grown men play a child's game during the regular season. Times four (4) members, what a cost.
2. In a championship game the cost rises from \$ 1,000.00 to \$ 5,000.00 per ticket, per member.
3. The super Bowl can cost up to \$10,000.00 are more per ticket, per member

Surveys continue. Twenty four (24) hours later, Sixty Percent (60%) of football fans cannot for sure state what the score was! Two (2) weeks later some Eighty Percent (80%) of Football fans cannot for certainly state who the teams were that played! Visa, Master card and so forth indicate that:

***"This was the most expensive super Bowl game in American history...Many American's were given over to bankruptcy...credit card were maximized to their limit"***

Baseball and other professional sports are of no exception. While America is crumbling, grown men are playing children's games! Sports professional are worth millions of dollars. Each and every time a Jersey is sold to a sports fan, the player collect ten (10) percent of the receipts, while the owner collects approximately seventy (70) percent of the receipts. Have you ever noticed that as soon as one sports season ends, another one takes its place. We are to be entertained! [And the band played on.](#) The Captain of the Titanic ordered the ships band to

continue playing while the ship was sinking. A phrase echoed from the Titanic as she slipped into the deep icy cold water of the North Atlantic Ocean.
